Utility Board Votes 2 1/2 Mill Add On For Three Months

As was expected, the Elba Water and Electric Board officially approved the 2-1/2 mill add-on to the fuel adjustment. The add-on will be in effect through the December 1st billing, according to the motion made by Mayor Robert Folsom and passed unanimously by the Board. The additional millage had been added on by Chairman Charles Hayes when he was informed by the consulting engineer that the Board finances were in an ever-increasing bind. Hayes said as the increase was being approved that it would be looked at again on

Elba Band To Participate In Enterprise Event

The Elba High School Marching Band will participate in the Third Enterprise Marching Band Festival on Saturday afternoon, October 22 at Bates Memorial Stadium. The band will perform for a panel of eight judges, along with approximately 35 bands from Alabama, Georgia and Florida. They will be entered into classes of competition based on total school enrollment.

County Engineer Tells Commission Highway Department To Lay Off 17 Employees

The Coffee County Commission met in regular session on Monday, October 10, at the Courthouse in Enterprise, and heard County Engineer Leslie Mullins announce plans for an upcoming layoff in the Highway Department. "The new budget will no doubt consist of cutbacks in all departments," said Mullins, "and I have no alternative but to reduce my payroll by reducing the next year in the Highway Department. There is no way we can continue to employ as many people as we do now. We must have a lay-off." Mullins stated that the Highway Department now consists of 47 employees, and that the lay-off will lower the work force to 30. That means 17 employees will be laid off. "I will operate within my budget," pledged Mullins. Engineer Mullins asked the members of the Budget Committee to consider the effect of the \$2.65 per hour minimum wage beginning January 1, and requested they remember it when they began preparing the budget. "The lay-off will also effect the current policy of laying pipe," said Mullins. "I will disband the pipe crew, and that means that although we will still deliver pipe when it is requested, we will not lay it until we have crews working in the area."

Speaking on the matter of pipe, Mullins stated, "We've chased \$35,000 in pipe last year that was used for maintenance and driveways. I urge the commission to discuss the policy of giving away pipe, and as I said before, I think the policy should be stopped. It is costing the county too much money."

The first meeting of the month began Monday morning at 10 a.m. with Commissioners Smith, Beckham, Reeves, Bontwell and Hornsby in attendance, along with Probate Judge James L. Sawyer, Commissioner Gilmer Grant, was absent from the meeting. Two residents were first to address the commission and they thanked the members for working on the road on which they lived. The two men stated they had originally planned to come and complain about no work being done on the road, but said the work began this morning (Monday). Tax Assessor Fred Donaldson was next to speak to the board, and Mr. Donaldson reported, "I got a certified letter from the Federal Court informing me that Tax Assessors and Tax Collectors in 17 counties are being sued for inequities of property tax appraisal. All of us are being sued as a group, and we have 20 days to reply."

Handicapped To Get Help In Job Search

Counselors working in local offices of the State Employment Service have recently completed training which will enable them to more effectively assist the severely handicapped in finding jobs. "Jobs don't come easy for the severely disabled, even when the economy is booming," points out James M. Carter, acting director of the Alabama Department of Industrial Relations. "But when unemployment is abnormally high—as it has been for nearly three years—handicapped persons encounter great difficulty in obtaining well-paying jobs."

Public Road Explained By Attorney

At the recent County Commission meeting, County Attorney Braxton Rowe finally cleared up the controversy centering around the question: "What is a public road?" "Many people feel once it's a public road, it's always a public road," said Rowe, "however, this isn't so." Rowe informed the board that if a road is not used for 20 years, it is dead or abandoned. "There are three ways to establish a public road," said Rowe, "by dedication, by public use for 20 years, and by proceeding."

Mr. Rowe was asked to find a legal answer to the question, and the commission will act by this law.

POOR ORIGINAL

BRAINSTORMS

With Ferrin Cox

The Pea River Canoe Race was held this past Sunday. The number of entries continues to increase as does the spectators. The thing was started by some canoe enthusiasts at Troy three years ago. Last year, one canoe from Elba entered. This year five Elba people were in the race and made good showings. If some local organization wanted the job, I am sure the sponsorship of the annual race could be changed, and with publicity, it could become the center of an even larger event.

Heddy and I were guests of Auburn University last Saturday. After a meeting of Alabama newspaper folks, they fed us some good groceries and passed out bolognaise tickets. Dr. Phillipot was in Auburn, but our tickets were straight away in the endzone (tickets that he couldn't sell, I think). Actually, we were game and the other is on television. I will need to take a small portable tub to tag along with me. This will assure that I don't miss anything. Or better still I could go down and forget the whole business!

Chief Justice of the Alabama Supreme Court, Bo Tolbert, commenced at the noon luncheon that he was an Auburn graduate and the only Auburn grad on the Supreme Court. After stopped talking, some wise newspaper publisher managed to get someone from the University to admit jokingly that the three criminal cases heard by the Supreme Court justices the day before, all three of the defendants were Auburn grads! I didn't check this out, but I am sure Phillip Hamm, Shorty Martin and Dr. McCreary will deny it.

Football coaches put themselves on the line every week and sometimes their comments come back to haunt them. Prior to the Elba-Troy game last week, the Troy coach was quoted in a newspaper as having said that Elba had a 4-2 record but had lost to the only two good teams they had played. Well he may have been right then, and he may be right today, even after Elba defeated Troy. Now, the game is over and you had to eat your words- you will also have to wait at least a year to make me eat mine!

The 1978 governor's race is not officially open, but the candidates are busy as a fresh line of bees. Attorney General Bill Baxley has apparently locked up the support of organized labor, even though they have only officially argued him to run. This same labor council meeting heard Governor George Wallace say the things labor wants to hear. I don't know what this means, but I am sure it has some meaning. It may mean that they really liked to hear Baxley say he was against Alabama's right-to-work law, or it may have meant they didn't like one or more of the other announced candidates.

My mind must be getting better with age. I remembered my wife's birthday this week! It is not unusual for me to forget this and our wedding anniversary. The excuse I use for her birthday is that we have already celebrated her 27th birthday at least half dozen times, and it is time to move on to another date. You can be sure that this excuse doesn't work at my house any better than at our house, but I keep trying.

Elba fans going to the Ashford ballygame Friday night have been asking the best way to get there and how long it takes. Ashford is about twenty minutes past Dohan on Highway 84, near the Georgia line. First, go to Dohan, take the Ross Clark Circle to 84 East to Ashford. Drive through the two red lights in town and about 1/2 mile down the road is an old cotton mill. The football stadium is to your left, and off the highway a bit, just past the cotton mill. Now Elba folks often have their own "best way" of getting to ballygames, but if you don't know any "best way," we suggest you take the Dohan route.

PEAKING OUT

Dear Ferrin,

We the people of Coffee County, the City of Elba and throughout the state, and all those who read THE ELBA CLIPPER, thank you for all the articles, letters and pictures that have helped them to know what to do and how to do help-ful things in numerous ways to keep the residents in Elba Nursing Home happy because of delicious and health-building foods the home could not have gotten without your help. It's a thrill to those in the kitchen and all the residents when they see Lorette coming with bags filled with goodies.

Great joy is created when beautiful, comfortable chairs are placed for them to enjoy on the porch. What is better than a pretty hair-do, and the opportunity to go out on the porch to wait, to see visitors and helpers arrive? Thanks to Mr. Nichols and Lorette for such a perfect selection of rock-ers.

Many helpers have participated through the years. Many more are finding their way each day. These people are sure now of what to do and how to get it done through your help and your paper.

It has not been too easy to grow vegetables, fruits or to eat or deep-freeze them this summer because of the long drought. Many have found the way to get over the barriers. If they could not climb over, they went around, and we feel sure some have just dug their way under.

The facts have not only set many free to come, but free to share. Our experienced citizens, as we know them, are living a new life of growth and learning as they use their hands for the first time, using a brush to create beauty. Malcolm may discover a Grandma Moses. We thank Malcolm for his help.

All I thank Ferrin for the abundant supply of practicing paper for these beginners to use, as they work into the new field of wonder and beauty. Rev. Brock said in the weekly letter to the members of West-side Church that he was planning a wonderful vacation, but his joy would be to come back to the best place on earth. What makes Elba this best place? How many people are involved? Why Westside to him? It's the love of all the people being there together in their joys, sorrows, loss of dear ones, to help physically in any way, which they do, letting each one know, you are not alone. Just as God is with you, we are, too. We will help you all the way. There are no family pews as many city churches have had, no rich or poor, no learned or unlearned. None are too crippled to come, others help them walk. None are strangers.

Let us make this Thanksgiving and Christmas the best for all the residents of the

Zion Chapel Plays New Brockton

BY: DENISE FULLER

The girls volleyball team of Zion Chapel took on the girls of New Brockton on October 3. Zion's B team hit the court first. After the first game, New Brockton was on top 15-7. The second game also went to New Brockton, 15-4. Zion's A team played next. The first game was dominated by New Brockton 15-9. But in

the second game we really got going. The score went back and forth throughout the whole game. The score was 13-13, and it seemed that neither side could get a good serve over. But at the end of the game, Zion won 15-13. During the whole game there was a difference of opinion about the rules on both

sides. Maybe if the rules had been clearly stated, things would have been different. But the game is over, and the girls and coaches of Zion are waiting for the rematch. It should be a good one. So, come out and see the game of the week. Better look out, New Brockton!

Volleyball Improves At Z.C.H.S.

BY: DENISE FULLER

Wednesday night Zion Chapel hosted the girls from Clio. The game started off at 6:00 and Zion won the loss and elected to serve first. The game got off to a good start but Clio's attack was too strong. Zion's defense was not up to the task. The A team played right after the B game. Again Zion won the loss and elected to serve. The first game was Clio's. But the second game Zion's more and more. Both Zion teams A and B volleyed very well. The A team played the best game out of the last three. But just like the first and the second game, it slipped away. Zion takes on the girl Gamecocks of New Brockton next. We really think we're ready for them this time. Come out and support the team!

Gamecocks Fall To Rebel Power

BY: TONY BROWN AND DAVID BROWN

The Junior Rebels of Zion Chapel chalked up Win Number 2 as they defeated the Gamecocks of New Brockton 22-0. New Brockton received the

opening kickoff but failed to move the ball and were forced to punt. The Rebels then started a drive on their own 49-yard line and moved the ball for the opening score.

Herman McClain carried for the six points and the two-point P.A.T. Other scores of the night came when Jim Faulkner snared a Tony Calhoun pass for a 20-yard touchdown. Herman McClain added the two-point P.A.T. Walter Adair rambled 30 yards for the final score. The P.A.T. failed, but the Rebels had clearly commanded the first half.

The second half was all defense for the Rebels as they halted the Gamecocks inside the twenty several times. Leading yard gainer for the Rebels was Walter Adair with 108 yards, and Herman McClain with 73 yards.

Opp Downs Z.C. In Double Header

BY: TONY BROWN AND DAVID BROWN

The Opp Golden Rams traveled to Zion Chapel to take on the little Rebels. The Termites dropped the first game by the score of 16-0. In second game action the Pee Wee's dropped their game by 16 points as the score went 24-8. The only score came when Kevin Flowers capped a Rebel drive as he took the ball in for six points, and added the two-point P.A.T. The Rebels formed another drive, but fumbled on the 20 yard line.

HOMECOMING -1977

BY: Jan Sanders, Randy Wilson and Cindy Black

Homecoming day was a very special and hectic day. At 8:05 Cindy Black was crowned the Homecoming Queen of 1977-78. Her attendants were Margaret Pyfrom, senior; Jan Sanders, junior; Suzanne Sanders, sophomore; and Pam Gellin, freshman. After the crowning everybody went to class. The decorating started fifth period. Each class and club was assigned to decorate a part of the football field. They worked very hard. A pep rally was held on the football field and was undoubtedly the best this year. Everybody was involved. The cheerleaders: Teresa Lott, senior-captain; Kaye Cotter, senior-co-captain; Patty Flowers, junior; Lia Lowery, junior; Lisa Ammons, sophomore; and Melinda Nelson, sophomore, did a routine by the song "You Make Me Feel Like Dancing." After the pep rally everyone went home and waited for the big event.

We honored the class of '68. The members of the class were Betsey Carley, Michael Cape, Mary Chancellor, Jimmy Davis, Charles Driggers, Judy Flowers, Lajuan Taylor, Jerry Griswald, Martha Harrison, Ray Jackson, Betty Sue Killingsworth, Joseph Layton, Wayne Marler, Phillip Nelson, Jamie Rushing, Barbara Jean Span, Coley Wambles, and Jimmy White. At half-time, the Queen and her court were presented to the people. Little Mr. and Miss ZCHS were presented. They are Mr. Randy Flowers and Miss Sandy Flowers. Randy and Sandy are not only brothers and sisters—they are twins.

The little majorettes performed a routine and then the cheerleaders did their routine. The balgame ended with a winning score of 27-13. After the game, everyone partied with Dr. Sam from 10-12.

Captains For The Week For Z.C. And Arton

Dennis Dean, Tony Brown, Steve Reeder, Rayvon Boyd, David Brown, Lee Shepard, Rocky Bragg and Sam Parker, Tony Brown and Lee Shepard were the two captains chosen by the team.

Z.C. LUNCH MENUS

BLACK AND GOLD REVIEW

New Members Of Mu Alpha Theta Elected

Twenty students at Elba High School were honored recently by election to Mu Alpha Theta, international high school and junior college mathematics club.

The announcement was made by Dr. Harold V. Humeke, national secretary-treasurer, who is a professor of mathematics at the University of Oklahoma where the national office is located.

Only those schools with excellent mathematics programs can earn membership in the club since all courses in mathematics and the qualifications of the mathematics faculty and students are examined in detail by the club's governors and national officers.

To be eligible for membership, minimum requirements are that a student must have completed with distinction at least four semesters of college preparatory mathematics.

Mu Alpha Theta was founded in 1957 at the University of Oklahoma and has grown to more than 1,500 clubs in 46 states and Canada, Japan, Puerto Rico, the Canal Zone, Iceland, Turkey, Brazil, and Okinawa.

The club is co-sponsored by the Mathematical Association of America and the National Council of Teachers of Mathematics, and has attracted

the attention of top mathematics scholars in this country and abroad.

New members are:

Cynthia Allen
Andy Ballard
Pete Cash
Terri Davis
Toni Dubois
Greg Ellenburg
Kathy Fuller
Perry Fuller
Carl Hamm
Sheila Harrison
Katrina Hayes
Marie Elizabeth Jones
Melinda Smart
Charlotte Paul
Melanie Scarborough
Lisa Westbrook
Becky Wise

Sue Adkinson serves as the faculty sponsor for the club at Elba.

OPTIMISM!!!

Angust came, And there was school. Not much time. To laugh and fool.

We'll study hard, And we'll get by, Because we're taught at Elba High.

We'll make new friends, And keep the old, And treasure both, Much more than gold.

Classes of course Will be happy times, Disappointments too; But in the end, We'll all pull through.

The Difference In Winners & Losers

When a winner makes a mistake, he says, "I was wrong." When a loser makes a mistake, he says, "It wasn't my fault."

A winner isn't nearly as afraid of losing as a loser is secretly afraid of winning.

A winner works harder than a loser, and has more time. A loser is always "too busy" to do what is necessary.

A winner goes through a problem. A loser goes around it, and never gets past it.

A winner makes commitments. A loser makes promises.

A winner shows he's sorry by making up for it. A loser says "I'm sorry," but does the same thing the next time.

A winner says, "I'm good, I'm good." A loser says, "Let's find out."

A loser says, "Nobody cares," but not as good as should be.

A loser says "I'm not as bad as a lot of other people."

A winner listens. A loser waits until it's his turn to talk.

IS YOUR HOUSE PAINT READY FOR ANOTHER TOUGH WINTER?

Changing weather and environmental conditions can play havoc with the house paint on your home. Prolonged sub-zero temperatures in the north... rain, sleet and even snow in the deep south have a more than normally destructive effect on exterior paint. Add to this the atmospheric pollutants... smoke, fumes, industrial gases... and you have ample reason to choose a house paint designed to resist these ravages.

Pittsburgh house paints have been recently reformulated and specially reinforced to provide maximum protection against the elements and prevailing pollution. Come in today and let us recommend the one best suited to your need.

SOCIETY

Miss Vicki Taylor To Marry David Bandstra

Mr. and Mrs. John Holman Taylor announce the forthcoming marriage of their daughter, Vicki Diane, to David Louis Bandstra, son of Mr. and Mrs. Louis Bandstra, Jr., of Bradenton, Florida. The bride-elect is the granddaughter of Mr. and Mrs. Curry Taylor and the late Mr. and Mrs. John Macdonald.

Magnolia Garden Club Holds Meeting Recently

The Magnolia Garden Club met on October 6, 1977, in the home of Mrs. Foy English. Mrs. Herbert Bailey served as co-hostess. The dining room table, from which the hostesses served, was centered with a lovely bouquet of roses. Other attractive arrangements were placed throughout the reception rooms. After the refreshment hour, Mrs. M. O. Brueckner introduced Mr. Dan Presley, who presented a specimen of diseased plants, discussed how the plants were affected and then suggested what type of insecticide was most effective. He also distributed various informational material to the members. At the conclusion of his program, a drawing was held for door prizes—various insecticides provided by Farm & Garden Center.

Mrs. L. F. Inman, president, later called the meeting to order to conduct routine business. The Gardener's Creed was read in unison. Mrs. Kenneth Strong, secretary, called the roll and read the minutes of the last meeting. Each member answered roll call with her favorite fall-colored tree. Mrs. P. H. Sellers gave a report of the District Meeting which she had attended in Eufaula, on September 14, 1977. Mrs. Robert Marsh, treasurer, reported a balance in the treasury of \$10.06.

The Program Committee stated that the November meeting would be held at the Farm & Garden Center. The club met in the home of Mrs. Nona Cooper with Mrs. W. C. Braswell and Mrs. P. H. Sellers serving as hostesses. The club's next meeting will be held on November 2 in the home of Mrs. F. H. Murphree with Mrs. Duke Tatum as co-hostess.

Mrs. Cooper Hosts Elba Study Club

A program of the "Almanacs List of New Wonders of the World" was given by Mrs. W. H. Taylor at the meeting of the Elba Study Club, October 5. The Ways and Means Chairwoman, Mrs. L. J. Dismukes, made Goods which is the club's annual Welfare Project. A delicious dessert plate consisting of fresh home-made pecan pie and hot coffee was served to the following members: Mrs. H. B. Bailey, Mrs. M. O. Brueckner, Mrs. H. P. Crook, Mrs. L. J. Dismukes, Mrs. Oswald Dowling, Mrs. Darrell Hudson, Mrs. T. D. Kendrick, Mrs. J. D. Lowery, Mrs. F. H. Murphree, Mrs. Price Ringo, Mrs. P. H. Sellers, Mrs. H. L. Stephenson, Mrs. Duke Tatum, Sr., Mrs. W. H. Taylor and one guest, Mrs. W. E. Kelley.

The club met in the home

Elba BPW Club Has Monthly Meeting

The Elba BPW Club met Monday night, October 10, 1977, at Holly's Cafe, with six members present and two visitors, Mrs. Linda Westbrook and Mrs. Amorette Ballard.

Mrs. Gayle White, president, presided. Invocation was given by Mable Lawless. Gayle White led pledge to flag.

After the group enjoyed the delicious meal and fellowship, the speaker was introduced by Gayle White. Mrs. Amorette Ballard spoke to the group about facial care through daily practice.

Mrs. White was given a facial during the demonstration. During the business meeting, a report on the Fall Board Meeting held in Birmingham was given. Plans were made to emphasize the National Business Woman Week, October 16-22. To start the observance, the club will meet at the Lamp-lighter Club in Montgomery, Saturday, October 15. The local members will go as a group to worship at the First Baptist Church, Sunday, October 16. Plans are being made for the club's Christmas party. Members were reminded to submit names of young ladies under 28 years of age for the young careerists who will compete on district and state levels, and to submit those who are gainfully employed for Woman of Achievement. They too will compete on the district and state level. The meeting was adjourned by reading the Collect.

Johnson, all of Elba. Miss Taylor was graduated from Elba High School and Troy State University with a Bachelor of Science in Education. She is employed with the Elba City School System. The groom-elect is the grandson of Mr. and Mrs. Louis Bandstra of Bradenton, Florida, and the late Mr. and Mrs. John Macdonald.

Miss Kelly-Mr. Horton Are Engaged

Mr. and Mrs. Cotton Kelley announce the engagement and forthcoming marriage of their daughter, Miss Cissy Kelley, to Mr. Tommy Horton, son of Mr. and Mrs. Irvy L. Horton of New Britain.

Miss Kelley is the granddaughter of Mrs. Pearl Armstrong of Elba, and the late Mr. Jim Hodge of Sanford, Florida, and the late Mr. and Mrs. Esmer Kelley of Elba. Miss Kelley is a senior at Elba High School.

Mr. Horton is the grandson of Mr. and Mrs. Foy Miller of New Britain. He is a graduate of New Britain High School.

The wedding will be held November 12 in the home of the bride.

THE LITTLE MAN

The Little Man was standing by the roadside with a walking cane in his hand. He was old and his back was bent. He said, "Lady, will you help me? I can't see and I need something to eat."

People passed him by like he was a tramp. They did not know what was in the man's heart and soul. They had not reached the point of growing old.

Someone came by and gave him some bread. He said, "Thank you, Lord, for knowing my needs. I've been standing here so cold and weak."

He ate his bread and it

gave him some strength. He went on down the road and smiled at everyone he met. He couldn't see too well and the weather was cold. His clothes were thin and he was nearly frozen. He sat down to rest for a while, and fell asleep. He later died.

Now the Lord had called him home. Now he wouldn't have to beg. He knew his needs and called him to rest.

He's up in Heaven singing around God's great throne. Now there is no sorrow or pain and no one to "shun."

"And, lo, a voice from Heaven, saying, 'This is my beloved son, in whom I am well-pleased.'"

REMINISCING

REMINISCING

Ewell, Ellis, Billy and me, I am the Pop, they are the three, Neil was the Police, Mike was the Cur, Annie was the cook, we depended on her.

Our drink came from "Red" the cow, Our bacon came from the old spotted sow.

Taters and beans, peas and squash, Dry salt pork and pickled beef, by-gosh.

Smoke-house sausage drying on the line, Hickory smoked ham and black-

berry wine.

Pete and Houston would pull the plow, Things have gone modern, they don't do it now.

I try to dream from the old easy chair, Of the future without a single care.

Some things of the past now worries me, When it was Annie and I and the other three.

SLOW ME DOWN LORD

restoring power of sleep. To me the art of taking minute vacations - of slowing down to look at a flower, to chat with a friend, to pet a dog, to read a few lines from a good book.

SLOW ME DOWN, LORD, and inspire me, To send my roots deep into the soil of life's enduring values, That I may grow toward the stars of my greater destiny.

Capsizing at falls

Last year's winners follow in rapids

The third annual Pea River Canoe Race was held Sunday morning with the winning time of two hours and thirty-six minutes, just three minutes off the record.

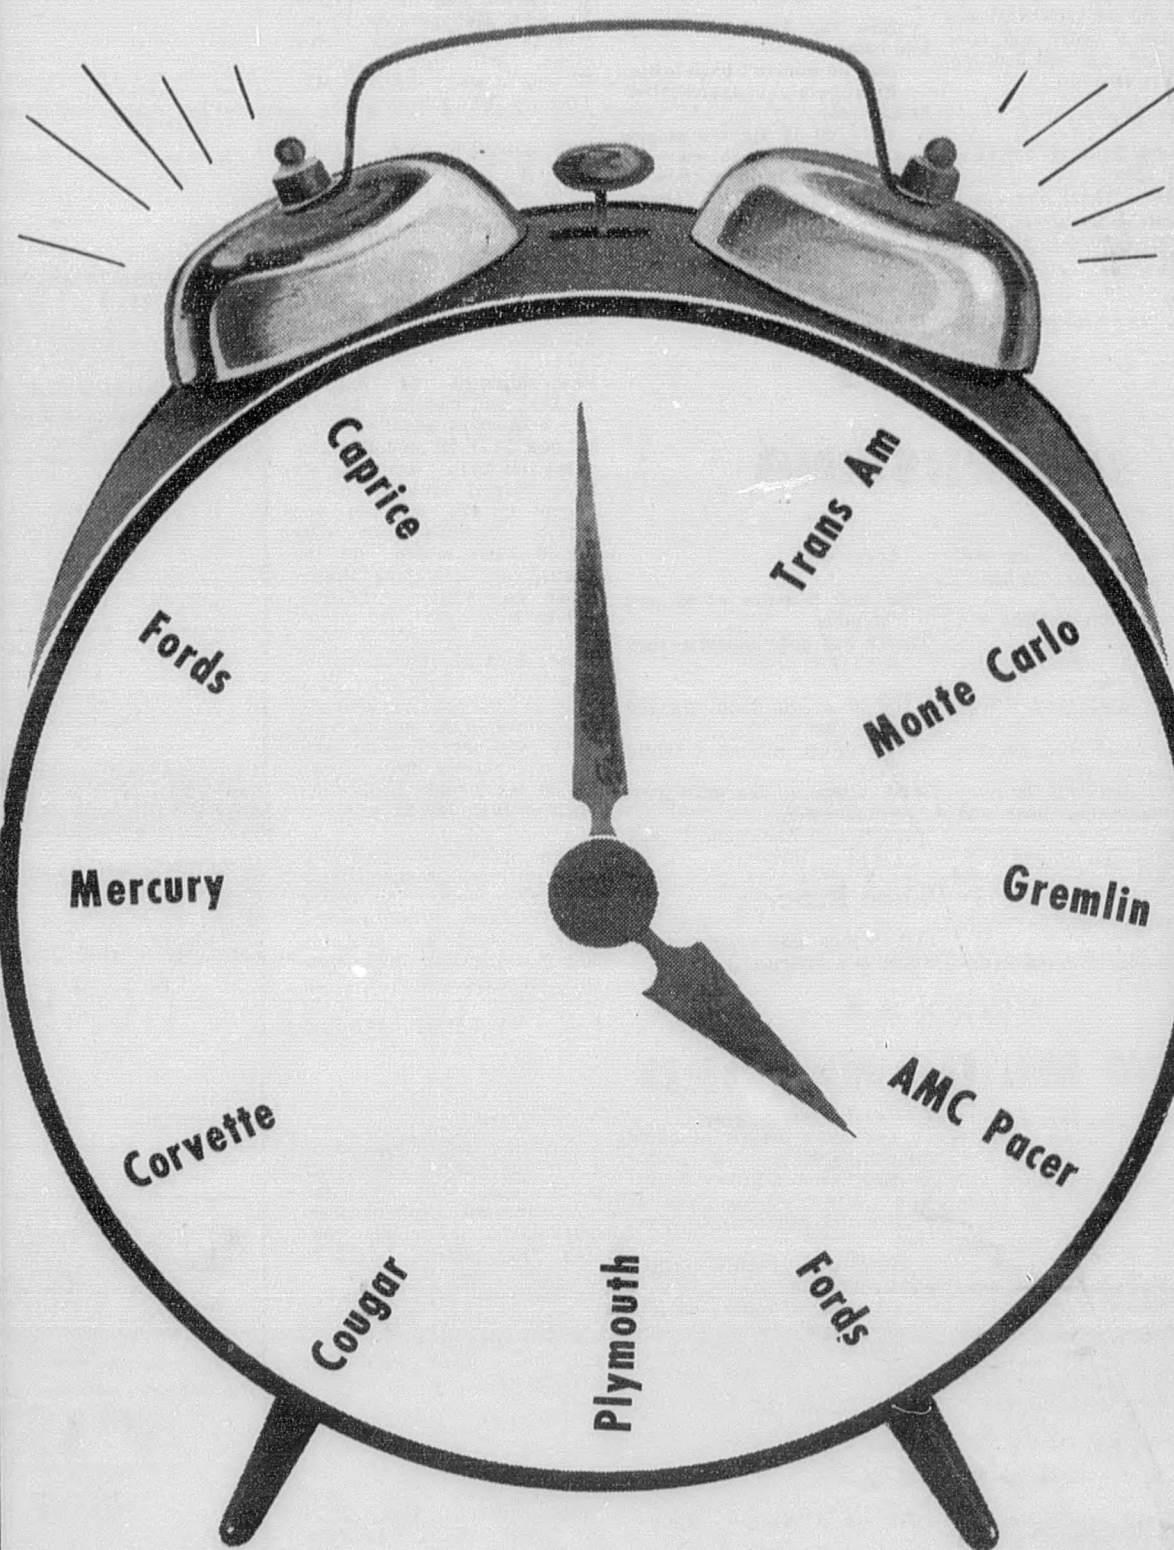

The fastest of the 18 canoes entered was from Hazelhurst, Ga., and was one of four true racing racing canoes that gave the main pack a four minute head start before leaving the starting point at Folsom Bridge on Highway 167. By the time the leaders reached Rowe and Weeks Bridges, the canoes from Georgia were leading the pack, and they lengthened this lead to about five minutes at the finish line in Elba.

The last of the canoes arrived in Elba after about three hours rowing time. Many were soaking wet from dunking at Reeves Eddy, while some managed to come through the rapids without capsizing.

From the start the family and friends that accompanied the contestants cheered on the participants and offered advice to each canoe as it came near the rapids and applauded those who maneuvered them without capsizing, while laughing at those who got wet as their canoe flipped.

Participating from Elba were Butch Oggs, Ashley Young, Bill McGuire, Mike McGuire and Russ Wood. (Wood had a partner from Enterprise.)

County Schools

Get Federal ESAA Grant

The Coffee County School System has recently been awarded a Federal ESAA grant for \$1,614. This grant is for the purchase of new reading materials for the junior high school grades.

Jimmy Baker, Superintendent, stated that "this program is a much needed addition to our junior high school curriculum and will benefit the fine boys and girls of this school system."

The director of the program will be Mr. Virgil Coleman. There will be an ESAA Advisory Committee composed of Coffee County citizens. The function of the committee is to make suggestions and recommendations concerning the program.

Marion has farmed in the Roton Community for 26 years. He and his wife, Virginia, have three children. Marion and his sons farm over 700 acres where they grow peanuts, corn and soybeans. He also has some beef cattle which he grazes on Bahagrass and Coastal Bermudagrass pastures. He was the first farmer in Coffee County to install a water disposal system of parallel terraces and tile outlets.

Marion is a member of the Roton Baptist Church where he serves as Chairman of the Deacons, and also serves as church treasurer.

Those include serving at holiday banquets, holding block parties for worthy causes, etc.

Anyone interested in availing themselves of these services should contact Terry Young at 897-2407.

One of the "facts of life" is that when soil erodes, everybody loses, and when soil stays

DEEPER WATER

Deepening the edges of a farm pond to a depth of at least two feet is not always practical due to un-suitable soil conditions. Often the edges are too wet and boggy for heavy machinery to be used.

One exception was the recently completed pond at Malcolm Boothe's farm west of Elba. The pond edges were deepened as recommended, so Mr. Boothe should have less trouble controlling waterweeds
